Sir,

Subject - Levy of Octroi on postal parcels

I have the honour to enclose copies of notifications cited in the margin

1 Notification No A 1-1874/47 dated the 8th July 1947 (Enc I)	2 In this connection the question of the levy of octroi on postal parcels has been engaging my attention I enclose a copy of a letter No F A P-70 dated the 2nd September 1947 from the Postmaster, Bangalore, suggesting that the procedure followed in Bangalore City may be followed in the Civil Station also I am agreeable to this procedure subject to the following modification Since in the Civil Station the number of dutiable postal parcels is bound to be much less than that received in Bangalore City Post Office, I feel that it would be uneconomical for the Municipal Commission to pay for a separate establishment to be maintained for scrutinising the parcels and making entries in the register (vide letter from Postmaster, Bangalore, dated the 17th September 1947 (copy enclosed) I shall however be prepared to consider the grant of a suitable allowance to be fixed in consultation with the Post-Master General, to the postal clerk for the extra work involved As regards Fraser Town and Agram Branch Post Offices, as it is unlikely that they will receive many dutiable postal articles, the Octroi Mutsaddy attached to the Bangalore East Station will be deputed to note down the particulars of dutiable articles received in the Fraser Town Branch Post Office and the Dorlur Road Ookad Mutsaddy in the Agram Branch Post Office
2 Notification No A 1-2178/47 dated the 6/8th September 1947 (Enc II)

3 I had some correspondence with the Posts and Telegraphs Department on the above subject and the Post-Master General in his letter No TC/RL-102/III, dated the 21st September 1947 (copy enclosed), has suggested that the matter should be taken up through the Government of Mysore I am accordingly addressing you with the request that the matter may kindly be taken up with the Post-Master General, Madras

Levy of Octroi duty on parcels

Typed below

Reference - Your No 49/47 dated the 29th July 1947 and the 1st September 1947

I have the honour to state that the matter has been taken up with the Post-Master General, Madras As regards the scheme suggested by you, I am afraid that it will not be feasible to get all the parcels deliverable at Agram and Fraser Town Sub-Offices, at Bangalore Head Office, as it would not only inconvenience the members of the public to cover a long distance from their localities, especially when delivery offices exist in their locality but entail delay in the delivery of parcels Besides this, additional staff would be required in this office

I suggest that the procedure obtaining in the Bangalore City City Municipality may with advantage be followed in Cantonment area also The Bangalore City Municipality have attached their staff at each delivery office, arranged for accommodating their staff very close to the Post Office and bear the cost of additional staff employed by this department for the purpose of Octroi parcels Statistics are being collected and the cost of additional staff required will be intimated to you shortly

Forms and stationery are supplied by the Municipality and a specimen form used by the Bangalore City Municipality is enclosed I request you to contact the City Municipality if necessary, so that there may be uniformity of procedure

Subject - Octroi on Post Parcels

It has been decided to levy Octroi on all dutiable articles received by post with effect from the 1st October 1947 and I enclose a copy of notification issued in that connection for your information With a view to facilitate the assessment and collection of octroi on all such articles, I suggest the following procedure for your consideration A Mutsaddi of the Octroi Department and a peon will be posted to work in the Head Post Office All dutiable post parcels now sent direct from the Railway Station to Agram and Fraser Town Post Offices may be arranged to be sent to Head Post Office On receipt at the Head Post Office, the Octroi staff will note in a register from the postal registers details of all such dutiable articles He will also paste slips on these parcels indicating that they are detained for payment of Octroi The postal staff may then issue letters of intimation to the parties concerned directing them to take delivery of the articles at the Post Office When delivery is effected under due acknowledgment our staff will issue memos to the parties and direct them to the Central Octroi Office for payment of Octroi accompanied by a peon If the Octroi on a consignment does not exceed annas eight the Mutsaddi in charge will collect the Octroi and permit and allow the parties to take the goods to their places similar to the procedure that is being followed with success [redacted]tonment Railway Station Parcel Office and Goodshed I request

you to examine the procedure indicated above and shall be glad to have your suggestions If the procedure suggested is agreeable to you, I shall be grateful if you will arrange to get all dutiable post parcels to the Head Post Office and send due intimation to the parties concerned to take delivery of the parcels at the Post Office from the 1st October 1947 I request that necessary facilities be given to our staff when they are posted to work at the Post Office from the 1st October 1947

Subject - Octroi on postal parcels

With reference to the correspondence resting with your letter No 49/47 dated the 15th September 1947, I have the honour to state that the question of affording facilities to the staff of the Mysore Government in assessing octroi duty on parcels received by post has to be referred to the Director General of Posts and Telegraphs, New Delhi, for his decision To enable me to do so, I shall be glad if you will kindly move the Mysore Durbar to send in a proposal to this office on the subject

2 Since the Director General's sanction has to be obtained in the matter and the basis on which to introduce the system has to be settled beforehand, I regret, it will not be possible to introduce the system with effect from the 1st October, 1947, as desired by you

CIVIL SECT GOVERNMENT OF MYSORE 30 JUL 1948

SUBJECT

Levy of Octroi duty on parcels received through Post Office in the Civil Station, Bangalore

With reference to your letter No L 10355 dated the 20-10-1947, I have the honour to state that there is no objection to extend the scheme to Agram and Fraser Town Post Offices on the following conditions

(1) the Post Offices mentioned above will furnish information o the following points daily to the Local Municipal Council

(a) Name of the Post Office of issue of parcels

(b) Names and addresses of the addressees of parcels

(c) Class of parcel, eg ordinary, registered or insured (the amount of insurance to be stated)

(d) Description

(2) The required forms will be supplied to the Post Offices concerned by the Municipal Council free of cost

(3) An Officer of the Municipality will call at the Post Offices at some particular hour every day to take delivery of the statement furnishing the particulars

It would not be feasible to get all the parcels deliverable to Agram and Fraser Town Sub Offices to the H O as the public will find it difficult to go to the Bangalore H O covering a long distance The procedure now followed in Bangalore City area may be adopted with regard to the two offices in question The C & M Station Municipality will have to attach their official at Bangalore H O , Agram and Fraser Town P Os

As the additional work involved in supplying the information is not considerable, no compensation need be paid by the Municipality

Correspondence ending with your letter No L 22 A1/43, dated the 4th September 1943, forwarding therewith copy of letter No T C/3 L 102 dated the 26th July 1943 from the Post Master General, Madras

---

With reference to your letter quoted above, I write to state that the procedure enunciated in the Post-Master General's letter mentioned above is suitable of adoption for the purpose of this Municipality

But in para I of the letter, it is stated that information would be furnished only on three points Information on one more point viz , the description of the goods, is also required to enable the octroi staff to identify the goods with the invoices produced by the party later and to determine the rate at which the duty is to be collected It is understood that this information is furnished to the City Municipality by the Postal authorities

Yours faithfully,

President,
